Subject: Opposition to Good Character Reference for sexual predators.
Date: Friday, 14 February 2025 11:49:30 PM

I'm writing to you to oppose good character references for sexual predators as it's a part of the grooming process and a way to avoid justice and accountability for their actions.

My mother was a survivor of sexual abuse and her perpetrators never faced justice.

I hope whatever happened to my mother never happens to anyone. These perpetrators need to face justice and be held accountable.

Please don't betray the people you serve.

Kind regards,
