Date: Thursday, 4 July 2024 2:39:27 AM

Hi there,

I'm Rinu Thomas and have been following Harrison James' campaign to remove good character references in convicted child sexual offender cases. It is very painful and re-traumatises victims, especially children, to listen to such references as they lose trust in the justice system that is supposed to help & protect them. Please change the law.

Many thanks,
Rinu
